Market Strong in Sympathy with Active Movements Here and There.

U. S. STEEL RADIATING CENTER

Rose Aggressively Above 60 No an Urgent Demand-Western Stocks Backward.

(By Associated Press.)

NEW YORK, Asigust 13.—The strength in loday's market was marked, but, was largely in sympathy with the active movement in a few prominent stocks. The most important radiating center was United States Steel preferred, which ross aggressively above 60 on an urgent demand, in which an uncovered short interest was believed to play an important part. This stock was influenced by reports that the dispute in the trade over the price of steel billets had been selfied and the danger of a distuption of that kind, and other pools thus averted. Pennsylvania and its subsidiary stocks and the soft coal group felt the sympathetic benefit of the movement in United States Steel preferred, especially owing to the large part played in their traffic by from and steel, and the materials for their production. In the early market there was some evidence of realizing in the Pacifics and this caused some hesitation in the general list. The occasional profession of taking on Metropolitan securities had the same effect. When Southers Pacific broke through its restraint and rose above 55, the whole market toke on a more assured tone, Union Pacific did not move in company with its subsidiary stock and the Vestern stocks generally were inclined to hang back, except Atchison, which came forward vigorously to 1-8. Other realizing in the final dealing uncovered of an advance in sugar, made the closing slightly regular. Total sales of bonds, pur value, \$1,055,000.

NEW YORK, Aug. 12.—The action market opened steady at an advance of 1 point on September and a decline of 164 points on the other positions in response to cables. At first there was some bull support and covering, but sentiment seemed to be bearish on the generally favorable weather reports, and later when the Houston estimate for Monday was posted, showing expected receipts of 2,600 to 2,600 bales against 27 last year, offerings increased with New Orleans sending selling orders to the local parket. Under this pressure prices soid off to business became to \$67 boints, fater which business \$67 boints, fater which bus

NEW ORLEANS, I.A., Aug. 12.—COTTON—
The spot cottom market was dull and easy.
Futures opened quiet with prices 24% points
lower than yesterday's closing figures. Livcrpool was lower and disappointing, although
private cables reported that spinners were
taking more cotton and resumption of full
time was expected. Beiling in the local market
was free after the opening, and fairly active
for the half holiday.

It was evident that some longs were getting
out and that some few bears were going short
ever Sunday in the expectation of continued
favorable weather. The general opinion is that
a few days of good weather will make up for
a great deal of the damage that the rains
have done.

no good to fine wrappers are coming in now.

Prices are unchanged since our last report. There are a few new primings on each sale, which are very common and selling at full value.

We have heard much complaint of the continued rains throughout the entire bright belt, which are injuring the crop materially. We have heard more complaint along (this line from the Eastern Carolinas than from the old belt.

Trade in old hogshedd lots is improving somewhat, and the market seems to be more active than for several weeks past, especially in good to fine wrappers.

MOTHER JEALOUS OF, SON'S BRIDE

(Special to The Times-Dispatch.)

PITTSBURG, PA., August 13.—"Paul;
Forgive me when you read this, for I will
be dead. I can't help doing this, as. I was
so unhappy. You have been very good to
me, and I guess I would be happy yet,
only I can't be second. Take me to Kano
to bury me, and then forget me, as I was
only a crank."

The above pitiful little note was taken
from the clothing of Mrs. O. S. Carey, of
No. 319 East Lacock Street, Allegheny, as
her body was dragged from under a street
car on Pennsylvania Avenue yesterday
morning.

Persons who saw her killed declars that
she deliberately threw herself in front of
the car.

Mrs. Carey was about forty-five years
old, and the Paul to whom she wrote is
her son, the eldest of the family, who
was inarried about a year ago.

The mother had always doted on her
son, and it is though that the fact of his
having a wife caused her to be unhappy.
Last night Paul left Pittsburg for the
South, and his going was deeply mourned
by the mother.
